# Socket Loadings

The socket included within the stand package is a 2amp (500w) single socket outlet.

The list below is to be used as a guide to enable you to purchase the correct socket, if you require additional power.

In order to use the equipment on your stand, the total wattage must not exceed the wattage of the socket.

Examples of what items can be run from each type of socket are listed below.

## **2 amp Socket Outlet (500 watt)**

- ~ Phone Charger
- ~ Pop up Stand Lights
- ~ Lap Top Computer
- ~ Table Lamp
- ~ 1 x Halogen Light

## **5 amp Socket Outlet (1000 watt) (1 Kw)**

- ~ Fridge
- ~ TV & Video
- ~ Computers
- ~ Plasma Screens
- ~ Microwave Oven
- ~ Hoover ( up to 1000w)

## **10 amp Socket Outlet (2000w) (2Kw)**

- ~ Small Kettle
- ~ Hoover (over 1000w)

## **13 amp Socket Outlet (3000w) (3Kw)**

- ~ Normal Kettle
- ~ Coffee Machine

For items over and above 3KW please contact Dimension 8 Ltd who can be found at the front of the exhibition hall.
